愛媛大学

免許法認定通信教育

## About our Program

Courses offered entirely online using Kokorozashi, a Learning Management System (LMS) developed by Ehime University, and Zoom.

Total enrollment in 2022:

- 232 Students
- 1,068 Course Credits

Total enrollment in 2023:

- 249 Students
- 1,160 Course Credits

# The Problems

How do we confirm the identity of students when they are never studying in-person?

- Market products offer little in the way of identity verification

How do we make an accessible online learning environment?

- Tools must support students with vision and hearing limitations

How do we foster a discussion among online students?

How can we manage personal information?

The LMS includes several features:

- **Facial Recognition/ID System**
- **Accessibility Settings**
- **Automatically Generated Credit Certificates**
- **Discussion Board**
